

## Insulation screw for direct installation into concrete DDS

### Cross references

Ceiling insulation washer DDT  
 Bit hexalobular TX30  
 Cordless hammer drill  
 Hammer drill SDS plus®

### Application range

- > For fastening ceiling insulation and acoustic insulation into concrete substrates
- > Particularly suitable for multi-layer boards with magnesite- or cement-bonded wood wool
- > Top layer with EPS or mineral wool core

### Characteristics

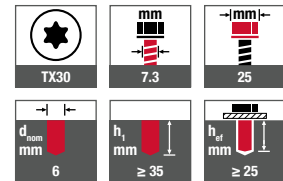

- > Easy installation: drill, fasten, done!
- > Small embedment depth
- > Injection-moulded screw heads with wood wool structure in beige or white for visually unobtrusive fastening

### Applications
